

Cleantime Automatic Scrubbers - 40 Series 20", 10 Gallon Automatics

The Cleantime 10 gallon, 20" automatic scrubbers sets a new standard for Productivity, Performance, Durability and Ease of Use.

Productivity

The unique Central Weight System makes the Cleantime series the most maneuverable machine on the market. Add in the battery and fluid capacity built into a very compact design and the Cleantime becomes the most productive automatic scrubber in its class.

Central Weight System

The unique Central Weight System design balances the weight on the center of its axis, which allows the machine to move effortlessly.

Spin-on/Spin-off Brush

As easy as flipping a switch. No hands needed.

Self Leveling System

Uniform scrubbing guaranteed by the spring-activated floating head, which adapts instantly to even the most irregular surfaces.

Low Noise Levels

The soundproofing system guarantees low noise levels.

Performance

The Cleantime utilizes a unique self-leveling brush head designed to automatically adjust to provide excellent results on the most uneven surfaces. Couple this with its proprietary "ultra dry" squeegee system and there is no other scrubber that will provide the scrubbing and drying performance of the Cleantime.

Unequaled Drying Performance

The heavy-duty squeegee system utilizes a unique proprietary squeegee material that is very durable. No other squeegee in the world can provide the drying performance of the Cleantime Series. Seeing the Cleantime dry a floor *without* the use of the vacuum will make you a believer.

Cleantime Automatic Scrubbers - 40 Series

20", 10 Gallon Automatics

Durability

Durability is designed into the Cleantime machines, with a unique anti-foam system to protect the vacuum, floating head design to absorb impact and vibration and high-density polyethylene construction for long-term durability.

AFS Anti Foam System

The Anti Foam System uses the airflow in the tank to push the foam away from the vacuum inlet to eliminate the flooding of the vacuum.

Impact Resistant Squeegee

The impact resistant squeegee can be replaced without the use of tools.

Ease of Use

Simple to Operate

Simple to use and easy to operate, all of the controls are right at your fingertips.

Auto Brush Shut-off

The brush will stop automatically when the drive is turned off.

Long Life Squeegee

Blades can be used in all four directions before requiring replacement.

Technical Data	CT40B50	CT40BT50
Productivity	18,000	20,000
Scrubbing Width	20"	20"
Squeegee Width	32"	32"
Number of Brushes	1	1
Brush Motor Power	1.25 HP	1.25 HP
Drive Motor	No	Yes
Traction System	Brush Assist	Traction Drive
Maximum Speed	2.2 MPH	2.8 MPH
Suction Motor	0.75 HP	0.75 HP
Solution Tank Capacity	10 Gal / 40 L	10 Gal / 40 L
Recovery Tank Capacity	13 Gal / 50 L	13 Gal / 50 L
Batteries	2 x 12V, 130 ah	2 x 12V, 130 ah
Voltage	24	24
Dimensions	48" x 21" x 39"	48" x 21" x 39"
Weight (w/o Batteries)	183 lbs	183 lbs
